

## Lyrics From Songs I Cry To

Nathaniel Siegel

where did it run to?  
i thought i'd done all that i could  
and the seasons they go round and round  
and the painted ponies go up and down  
we had joy we had fun  
we had seasons in the sun  
but the hills that we climbed  
were just seasons out of time  
when ya' comin' home dad?  
i don't know when, we'll get together then, son,  
ya' know we'll have a good time then.  
childhood living is easy to do  
the things you wanted i bought them for you  
its coming on Christmas  
they're cutting down trees  
maybe i didn't treat you quite as good as i should  
maybe i didn't love you quite as often as i could  
little things i should've said and done, i never took the time  
you were always on my mind  
you were always on my mind  
you'll never know dear  
how much i love you  
please don't take my sunshine away  
des nuits d'amour a plus finir  
un grand bonheur qui prend sa place  
les ennuis, des chagrins seffacent  
heureux, heureux a en mourir  
yesterday, all my troubles seemed so far away  
now it looks as though they're here to stay  
oh, i believe in yesterday.  
why she had to go i don't know she wouldn't say.  
i said something wrong, now i long for yesterday.  
when i tell them that i'm doing fine watching shadows on the wall,  
don't you miss the big time boy you're no longer on the ball?  
i'm just sitting here watching the wheels go round and round,  
i really love to watch them roll,  
no longer riding on the merry-go-round,  
i just had to let it go,  
you may say i'm a dreamer  
but i'm not the only one  
i hope someday you'll join us  
and the world will live as one  
well it seems to me some fine things  
have been laid upon your table  
but you only want the things that you can't get  
desperado

where there's fishing boats,  
with their sails, afloat,  
if i could only see,  
that familiar sunrise, two sleepy eyes,  
how happy i'd be.

of the smiles we left behind  
smiles we gave to one another  
for the way we were  
but you got to have friends.  
the feelings oh so strong.  
you got to have friends  
to make that day last long.

its the heart afraid of breaking, that never learns to dance  
its the dream afraid of waking, that never takes the chance  
its the one who won't be taken, the one who can't seem to give  
and the soul afraid of dying, that never learns to live

one love  
one blood  
one life  
you got to do what you should

ALL  
my childhood gone, goodbye.  
goodbye twelve. goodbye thirteen. goodbye fourteen.  
goodbye fifteen. goodbye sixteen. goodbye seventeen.  
hello love.!

go to it. go to it.  
BOYS  
and now life really begins.  
GIRLS  
go to it.  
BOYS  
and now life really begins.

GIRLS  
go to it.  
BOYS  
and now life really begins.  
GIRLS  
go to it.  
BOYS  
and now life really begins.

GIRLS  
go to it.  
ALL  
go to it.

CASSIE  
kiss today goodbye,  
the sweetness and the sorrow.  
have you been half asleep  
and have you heard voices  
i've heard them calling my name

when will i see you again  
when will our hearts beat together  
are we in love or just friends  
    georgie boy was gay i guess  
    nothin' more or nothin' less  
    the kindest guy i ever knew  
        Lord i miss daniel, oh i miss him so much  
        daniel my brother you are older than me  
        do you still feel the pain of the scars that won't heal  
        your eyes have died but you see more than I  
            how about a needing friend?  
            i need a friend  
                this place is cruel no where could be much colder  
                if we don't change the world will soon be over  
                living just enough, stop giving just enough for the  
                city!!!!  
            birds singing in the sycamore-trees  
            dream a little dream of me.  
        Philip Glass the hours  
        its the terror of knowing  
        what this world is about  
        watching some good friends  
        screaming let me out  
if we both were born  
in another place and time  
this moment might be ending in a kiss  
but there you are with yours  
and here i am with mine  
so i guess we'll just be leaving it at this  
i love you  
i honestly love you  
but why wonder, why wonder?  
WHY LEAVE ME STANDING HERE  
LET ME KNOW THE WAY  
    if i had a day that i could give you  
        why there are heartaches, why there are tears  
            can't you see the sunshine  
            can't you just feel the moonshine  
            maybe just like a friend of mine  
            it hit me from behind  
                they'll hurt you and desert you.  
                well they'll take your soul if you let them.  
                oh yeah, but don't you let them.  
                    isn't it rich?  
                    are we a pair?  
                        without true love we just exist, alfie.  
                            but in my mind,  
                            i know they will still live on and  
                            on,  
                        johnny, we're sorry, won't you come on home  
                        we worry, won't you come on

sad eyes, turn the other way (turn the other way)  
i don't wanna see you cry (cry, cry, cry)

(hey!)  
wasn't it yesterday  
we used to laugh at the wind behind us?  
didn't we run away and hope  
that time wouldn't try to find us (didn't we run)

Judy  
happy times  
Barbra  
happy nights  
Judy  
happy nights  
Both  
happy days are here again...

so just make sure you got it all set to go  
before you come for my piano  
people stay just a little bit longer  
we want to play -- just a little bit longer  
the day the music died.  
so bye-bye, miss american pie.

love me tender,  
love me dear,  
tell me you are mine.

little things i should have said and done  
i just never took the time  
you were always on my mind  
you were always on my mind

all the people i was kissing  
some are here and some are missing  
like a bridge over troubled water  
i will lay me down.

don't let the sun go down on me  
although i search myself  
it's always someone else i see.  
i'd just allow a fragment of your life  
to wander free.

but losing everything  
is like the sun going down on me.

and so it goes - go round again  
but now and then we wonder who the real men  
are

i get too low with no reason  
tonight with words unspoken  
you'll say that i'm the only one  
but will my heart be broken  
when the night meets the morning sun?

if happy little blue birds fly beyond the rainbow...

two hearts,  
two hearts that beat as one  
our lives have just begun

so many roads to choose  
we start our walking  
and learn to run  
and yes! we've only just begun
